

**SERVICE MANAGEMENT AGENT FOR MANAGING THE PROVISION
OF DIFFERENT SERVICES TO A COMMUNICATION DEVICE**

5

ABSTRACT OF THE DISCLOSURE

10 A wireless communication system (100) contains a number of service
providers (145, 148, 149) that provide different services to communication units
(105-108). The communication units (105-108) are limited as to how many of the
services they can concurrently receive. Each communication unit (105-108) is
associated with a service manage agent (SMA) (185-190) that manages the
provision of the services to the communication unit (105-108). In one
embodiment, each SMA (185-190) manages the provision of the services to only
one of the communication units (105-108).
